(Deemed to be University)

## DEPARTMENT OF ORAL MEDICINE AND RADIOLOGY

NATIONAL IAOMR DAY  
24 APRIL 2021

GREY SCALE CHALLENGE

COMPETITION RESULTS

## MESSAGE

---

Advances in sciences & technology have revolutionized diagnostic & imaging techniques in dentistry. Today's dental practitioner has diagnostic aids such as CBCT, CAD/CAM, etc, in their reach to diagnose and study disease thereby treating the patients early and adequately.

The department of Oral Medicine & Radiology, Sri Siddhartha Dental College, Tumkur, to commemorate National IAOMR day 2021 organized an online national level college competition with an out-of-the-box theme. "Gray scale challenge". Entries received exhibited the latent talent and creativity of young minds using radiographic images.

I congratulate all the participants as well as Dr. Suhas and team Oral Medicine & Radiology Sri Siddhartha Dental College, for a unique "out of the box" collage competition.

My best wishes to my Oral Medicine colleagues and students on the National IAOMR day 2021.

Wish you all good health.

With warm regards,

**Dr. Praveen B Kudva**

**Principal,**

**Sri Siddhartha Dental College and Hospital, Tumkur, Karnataka**

# MESSAGE

---

Dentistry is anchored heavily upon the understanding of oral diseases, medical conditions, and their interactions. Oral Medicine and Dental, Maxillofacial radiology provides the required inputs for managing all oral diseases (teeth included!). Dentistry has been slower to focus on this important area than other disciplines.

The introduction of affordable CBCT technology has become a game-changer in the practice of Dental and Maxillofacial radiology. In the run-up to the National IAOMR day for 2021, we thought of adding fun to academics and designed the national level collage competition “Greyscale challenge” wherein we wanted the competitors to use only radiographic images to prepare a collage.

In the competition, one of the categories was “Portrait of famous personalities associated with Oral Medicine & Radiology”. It is disappointing to see that under this category only those “google identified” historical persons are included. I would like to make a special mention of one entry by Ms. Gauraangi Bhargava, First Yr. BDS student, Jaipur Dental College, she has included in her collage photographs of OMR faculty from across generations of the OMR fraternity, Cheers ! to her effort.

Probably due to challenges with the COVID situation we did not receive many entries. Hence we are announcing only the best five.

Dr. Abhay Suresh Kulkarni, author of a textbook of Oral Medicine and Radiology, CBS publishers, from PDU Dental College, Sholapur has volunteered to give away complimentary copies of the textbook to the selected best five entries.

The best five entries can be viewed at [www.ssdctumkur.org/News-Events.html](http://www.ssdctumkur.org/News-Events.html)

Best Wishes

Dr. Suhas

Professor and Head

Department of Oral Medicine and Radiology

Sri Siddhartha Dental College and Hospital, Tumkur, Karnataka
